BUSINESS ANALYTICS

Driving strategic growth through deep industry analysis, precise financial modeling, and predictive business optimization. We provide insights that inform decision-making, identify market trends, and optimize resource allocation, ensuring your business remains competitive and agile in a rapidly evolving landscape.

01

INDUSTRY ANALYSIS

- Define Scope and Focus Areas
- Market Sizing & Growth Metrics
- Macro-Environment Assessment (PESTEL)
- Competitive Landscape Analysis
- Growth Drivers, Trends, and Risks
- Strategic Implications & Recommendations

02

MARKET RESEARCH

- Identify Ideal Customer Profiles (ICPs)
- Competitive Positioning & Messaging
- Customer Acquisition Analytics
- Customer Segmentation:
- Product Potential & Opportunity

03

PREDICTIVE ANALYTICS

Output

- Revenue & Sales Forecasting
- Customer Churn & Retention Modeling
- Lead Scoring & Conversion Optimization
- Operational Risk & Demand Planning

Approach

- Regression, prophet, SARIMAX, SEM, Clustering
- Field validation

04

FIN. MODEL & ANALYTIC

Forecasting

Build forecasting B/S, IS, CashFlow based on sales predictive and investment cost

Financial Ratio

Construct financial ratio based on financial forecasting

Potential Improvement

Bold the root cause and potential improvement from financial forecasting

BUSINESS INTELLIGENCE

Transforming raw operational data into predictable revenue pipelines and actionable sales funnels. By implementing advanced analytics and visualization tools, we enable organizations to identify growth opportunities, streamline processes, and make data-driven decisions that enhance overall business performance.

01

DATA STRATEGIES

- Strategic Intent & Outcome Mapping
- Hypothesis-Driven Data Audit
- Driver & Sensitivity Analysis
- Leading vs. Lagging Metric Identification
- Operational Integration & Execution

02

REVENUE PIPELINE

- End-to-End Pipeline Mapping
- Pipeline Velocity
- Revenue Leakage Identification
- Account Expansion & Recurring Pipeline

03

SALES FUNNEL

- Top of the Funnel (TOFU)
- Middle of the Funnel (MOFU)
- Bottom of the Funnel (BOFU)
- Post-Funnel - Retention & Lifetime Value

04

DASHBOARD

- Realtime Dashboard
- Daily Dashboard
- Weekly Dashboard
- Monthly One Page Report

PROJECT MANAGEMENT

Bridging the gap between vision and execution through rigorous end-to-end strategic oversight. From initial scoping and execution to risk mitigation and final delivery, we ensure your projects stay on schedule, within budget, and structured for measurable impact.

01

STRATEGIC PLANNING

- Strategic Alignment & Opportunity Mapping
- Project Ideation & Business Case Development
- Prioritization & Feasibility Matrix
- Portfolio Selection & Roadmap Finalization

02

PROJECT IMPLEMENTATION

- Governance & Communication Setup
- Kickoff & Alignment
- Workflow & Process Mobilization
- Deliverable Quality Assurance

03

PROJECT MONITORING

- Schedule & Cost Tracking
- KPI & Deliverable Auditing
- Showcase & bi-weekly
- Steering Committee

04

PROJECT SUCCESS

- Deliverable Acceptance & Sign-off
- Operational Handover & Training
- Post-Implementation Review (Lessons Learned)
- Financial & Resource Decommissioning

ORGANIZATION TRANSFORMATION

Navigating complex change management to build resilient, future-ready organizations. We guide leadership through structural redesign, cultural shifts, and process improvements, ensuring that transformations are sustainable and aligned with long-term strategic goals.

01

AWARENESS

- Change Readiness & Gap Assessment
- Vision & Narrative Definition
- Stakeholder Impact Mapping
- Leadership Alignment Workshops
- Communication Strategy Launch

02

DISCIPLINE

- Target Operating Model (TOM) Design:
- SOP & Workflow Standardization
- Governance Framework Setup
- Training & Capability Building
- Compliance & Adoption Tracking

03

UTILIZE

- Active Workflow Integration
- Feedback Loop Implementation
- Continuous Process Refinement
- Middle Management Empowerment:
- Behavioral & Adoption Metrics Audit

04

MONETIZING

- Financial & Efficiency ROI Audit:
- Performance Optimization Alignment:
- Scalability & Expansion Modeling
- Reward & Performance System Integration:
- Transformation Final Review & Handover

PERFORMANCE OPTIMIZATION

Aligning high-level objectives with actionable KPI and OKR frameworks that drive measurable results. We analyze organizational performance, identify bottlenecks, and implement strategies that enhance efficiency, productivity, and overall business outcomes.

01

BIZPRO ANALYSIS

- Goal: Understand and optimize how work actually gets done.
- Activities: Map current workflows ("As-Is"), remove bottlenecks, and design clean, streamlined processes ("To-Be").

02

ENTERPRISE KPI

- Goal: Establish top-level corporate performance targets backed by actual operational capacity.
- Activities: Translate strategic goals into corporate-level financial, operational, and customer metrics using realistic baseline data from your optimized workforce.

03

RACI MATRIX

- Goal: Assign clear decision rights and execution responsibilities for the new processes.
- Activities: Map departments and positions against the new process steps using Responsible, Accountable, Consulted, and Informed.

04

DISTINCT JOB PROFILE

- Goal: Turn RACI accountabilities into distinct, formalized job descriptions.
- Activities: Group RACI responsibilities into clear job profiles, define required competencies, and eliminate overlapping duties between positions.

05

MANPOWER ANALYSIS

- Goal: Determine the right headcount needed to execute the job profiles without burnout or excess slack.
- Activities: Measure task execution times, analyze volume, calculate Full-Time Equivalents (FTE), and balance workload across the team.

06

KPI CASCADING

- Goal: Align individual daily efforts with the top-level Enterprise KPIs.
- Activities: Deconstruct enterprise targets into department, team, and individual scorecards matching the Job Profiles built in Phase 3.

PEOPLE DEVELOPMENT

Empowering workforce potential through targeted training and capability building. We design and deliver custom learning programs that enhance employee skills, foster leadership growth, and cultivate a culture of continuous improvement, ensuring your team is equipped to meet evolving business challenges.

01

TRAINING & DEVELOPMENT

- Training Needs Analysis
- Curriculum & Learning Path Design
- Training Program Delivery & Facilitation
- Competency Assessment & Evaluation
- Individual Development Plans (IDPs)

02

TEAM & COLLABORATION

- Team Dynamics & Communication Audit
- Cross-Functional Workflow Workshops
- Team Synergy & Trust Building
- Conflict Resolution & Decision-Making Frameworks
- Collaborative Performance Cadence
